

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

Dear Friends of the Plainview YMCA,

The health and wellness of our members, staff, guests, volunteers and community continues to be our mission. We work to ensure kids have a safe place to go; that older adults have a place to socialize, stay active and combat isolation and loneliness; that everyone in our community has access to a place where they can connect and stay healthy.

That's why it is so important in uncertain times like these that incredible members like you stay with us – to help us in our focus to continue to do good in the communities we serve.

During the temporary closure of YMCA facilities, we hope you are enjoying the virtual opportunities associated with your YMCA membership. We are excited to welcome you back to 313 S. Ennis as soon as possible.

Take good care,
Jeri Strange, CEO
